4 Reasons to join SLE Parent Teacher Association:

**Reason #1: Your child benefits.** When parents get connected to the school, children get better grades, do better on tests, and have fewer discipline problems. When you build a relationship with your child’s teachers, principal, and office staff, it will be far easier to communicate about any problem (or victory) that occurs throughout the year.

**Reason #2: You will be in the know and part of the solution.** The SLEPTA members know what’s happening with the school, who’s involved, and plans many of the events. By getting involved at your child’s school you can help make positive changes.

**Reason #3: You’ll tap into a network and meet other parents.** SLEPTA functions are opportunities to meet other parents and teachers, to build rapport and discuss issues that are on your mind. You can share ideas, concerns, and experiences to make the school year better for everyone. We are neighbors and peers and as a result, many friendships are forged via this connection. We are on Facebook @SouthLakewoodpta and have a private group you can join: South Lakewood PTA parent connection Facebook Groups

**Reason #4: Your child will feel a sense of pride and you can have fun while doing good and showing you care.** Being part of SLEPTA will make your kids proud of you. Our PTA has opportunities to help in small ways or big ways, we value your time and don’t expect anyone to overextend themselves. You’re also becoming a role model and demonstrating to your child the importance you place on education as well as on being involved in their world.
